

ACKNOWLEDGEMENTS FROM THE ORGANIZING COMMITTEE

The organizers are grateful to many people and organizations that provided valuable advice or assistance in the planning of the workshop, and to all those who submitted abstracts or who served as session chairs. The Organizing Committee would especially like to thank the Royal Meteorological Institute (RMI) and its Director, Dr Henri Malcorps, and the workshop sponsors. We gratefully acknowledge the extensive local assistance of staff at RMI and the Résidence Palace, including Eve Honnay, Heidi Langenus, and An Neukermans of RMI. We are indebted to Sandy Lubker and Lucia Katz (NOAA/CDC, USA) for help with the CLIMAR-II website. Special thanks also are due to Rob Allan (Met Office, UK) and Phil Jones (East Anglia University, UK) for hosting an Organizing Committee meeting; to Glenn McGregor (University of Birmingham, UK) and Serge Gulev (P.P. Shirshov Institute of Oceanology, Russia) for support toward publishing a special issue of the *International Journal of Climatology*; and to Joe Elms, Dick Reynolds (NOAA/NCDC), Henry Diaz (NOAA/CDC), Steve Worley (NCAR, USA) and Elizabeth Kent (Southampton Oceanography Centre, UK) for key organizational assistance.
