

**PROCEEDINGS OF A WORKSHOP ON
MAPPING AND ARCHIVING OF SEA ICE DATA -
THE EXPANDING ROLE OF RADAR**

Government Conference Centre
Ottawa, Canada, 2-4 May 2000

Sponsored by:

World Meteorological Organization
Canadian Ice Service
Canadian Ice Working Group

WMO/TD-No. 1027

2000

JCOMM Technical Report No. 7

2000

JCOMM Technical Report No. 7

NOTE

The designations employed and the presentation of material in this publication do not imply the expression of any opinion whatsoever on the part of the Secretariats of the Intergovernmental Oceanographic Commission (of UNESCO), and the World Meteorological Organization concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

CONTENTS

Organizing Committee.....	v
Opening Remarks, <i>Mikhail Krasnoperov, WMO Secretariat</i>	vii
Introduction, <i>Bruce Ramsay, Canadian Sea Ice Service</i>	ix

Plenary Session

Evolution of Ice Services.....	1
<i>Jan-Eric Lundqvist (for Klaus Strübing)</i>	
The Use of SAR in Operational Ice Services – Historical Highlights	9
<i>Don Montgomery</i>	
Linkages – Operational Sea Ice Monitoring and Climate Change.....	23
<i>David Barber</i>	

Session 1 – Current and Future Sensors

Radarsat-2 Program.....	33
<i>Luc Brulé</i>	
A U.S. Earth Imaging Radar Satellite Mission.....	45
<i>Don Montgomery</i>	
Ice Applications of Sea Winds Quick Scat Data (abstract).....	57
<i>David Long & Cheryl Bertoia</i>	

Session 2 – Sea Ice Monitoring

Sea Ice Incidents in Icelandic Waters and their Monitoring.....	59
<i>Thor Jakobsson</i>	
Sea Ice Monitoring and Forecasting in China	65
<i>Wu Huiding, et al.</i>	
The Greenland Case: Operational Sea Ice Monitoring based on Satellite Images – Experiences and Prospects	73
<i>Henrik Andersen, et al.</i>	

Session 3 – Case Study 1 (old ice)

Radar Sea Ice Signatures – An Operational Primer	85
<i>Roger De Abreu</i>	
Hands-on Case Study – Analysing <i>Radarsat</i> Imagery for Old Ice/First-year Ice Signatures	95
<i>Don Isaacs</i>	

Session 4 – Case Study 2

Experiences with Visual SAR Image Interpretation for Floating Ice Support to Antarctic Marine Activities	115
<i>Manuel Picasso, et al.</i>	

Comparison of <i>Radarsat</i> ScanSAR and CANICE 3 CAL-100 Imagery of Second-year and Multiyear Ice at the end of the Melt Season During a Transit of the Regime by the M.V. Arctic.....	121
<i>Robert Gorman</i>	

Session 5 – Case Study 3 (marginal ice zone)

Radarsat Interpretation of Sea Ice in the Gulf of St Lawrence Marginal Ice Zone Hands on Case Study in the Gulf of St Lawrence Marginal Ice Zone.....	125
<i>Laurie Weir</i>	

Session 6 – Case Study 4

Multi-sensor Operational Analysis of Temporal Phenomena in the Marginal Ice Zones of the Barents and Yellow Seas	145
<i>Mary Ruth Keller, et al.</i>	

Sea Ice Analysis in the Japan Meteorological Agency.....	151
<i>Takanori Matsumoto, et al.</i>	

Use of SAR Data for Ice Navigation Support in Russia.....	159
<i>Vladimir G. Smirnov</i>	

Real-time Use of <i>ERS-2</i> SAAR Data on Board GS “ <i>Neuwerk</i> ” in the Bay of Bothnia.....	165
<i>K. Strübing & R.O. Ramseier</i>	

Session 7 – Information Extraction & Data Fusion

Operational Evaluation of a Knowledge-based Sea Ice Classification System	173
<i>Denise Gineris, et al.</i>	

Sea Ice Concentration Derived Using SSM/I 85.5-GHz Imagery	179
<i>Stefan Kern</i>	

An approach of Data Fusion for Extraction of Sea Ice Parameters (abstract)	185
<i>Mohammed Shokr</i>	

Session 8 – Systems & Modelling

Assimilation of <i>Radarsat</i> Derived Ice Motion in a Simple Coupled Ice-ocean Model (abstract)..	191
<i>Mohamed Sayed, et. al</i>	

Toward the Integration of Microwave Remote Sensing and a Coupled Thermodynamic Snow-sea Ice Model.....	193
<i>John Hanesiak</i>	

Session 9 – Data Archiving

Arctic Sea Ice Climatology for 1950-1994 Assessed on the Basis of WMO Project ‘Global Digital Sea Ice Data Bank’.....	201
<i>Vasily Smolyanitsky</i>	

Archiving and Accessing the Canadian Ice Service’s Digital Chart Dataset.....	207
<i>Richard Chagnon</i>	

An Overview of Sea Ice Data Sets at NSIDC	225
<i>Florence Fetterer</i>	

The Canadian Cryospheric Information Network: A Preview231
Joseph M. Piwowar & Ellsworth F. LeDrew

Poster Session 1

CRYSYS Program – Using the Cryosphere to Monitor Global Climate Change in
Canada (abstract)237
Tom Agnew

The North Water (NOW) Polynyas Study – The Role of Sea Ice in Polynya
Processes (abstract)239
David Barber, et al.

Towards Operational Use of *Radarsat* Data for Iceberg Detection241
Dean Flett & Matthew Arkett

Advanced SSM/I Products Using the 85-GHz Channels: Mapping Sea Ice for Ice
Operations, Carbon Budget, and Shrimp Fisheries (abstract).....245
Caren Garrity, et al.

Detecting Low Concentrations of Sea Ice and the Position of Icebergs Using
Radarsat ScanSR Wide Data247
R.S. Gill, et al.

Operational Enterprise Server Implementation: Maximizing Data Availability and
Reliability for the Canadian Ice Service’s Production Environment.....257
Peter Griffiths & A. Koonar

Directions for Technology Architecture in the Canadian Ice Service.....263
Awtar Koonar, et al.

Arctic Land Fast Ice Advisory and Warning System Project269
Normand Michaud & Roger De Abreu

Development of a Time-series GIS Database of Sea Ice Type and Concentration
from *Radarsat-1* Data for the North Water.....277
C.J. Mundy & D.G. Barber

Mapping Sea Ice Properties with a Helicopter-borne Electromagnetic-induction and
Video System279
I.K. Peterson, et al.

Poster Session 2

Texture Analysis of SAR Sea Ice Imagery Using MRFs287
David Clausi

Towards a New WMO Definition for Stages of Sea Ice Ablation.....293
Roger De Abreu, et al.

Influence of Microstructure Upon the Microwave Backscattering Coefficient of
Natural Sea Ice: Case Study315
Michelle Johnston & N. Sinha

Time Series Analysis of SAR Sea Ice Backscatter329
Maria Lundin & Bertil Häkansson

<i>Radarsat</i> , Iceberg Detection, Iceberg Risk, and Grand Banks Operations.....	335
<i>Richard McKenna, et al.</i>	
Monitoring of Sea Ice Cover Parameters Using Optical and Microwave Remote Sensing	349
<i>Irene G. Rubinstein & Bradley Corner</i>	
On the Relationship Between SAR Time Series Scattering and Sea Ice Decay (abstract and figures)	355
<i>John Yackel, et al.</i>	
Summary of Workshop Discussions	361
Final Agenda	367
List of Workshop Participants	373
GDSIDB List of Participants	375
