

TWENTY-SECOND SESSION OF THE EXECUTIVE COMMITTEE
Geneva, 8 – 16 October 1970
ABRIDGED REPORT WITH RESOLUTION
WMO – No. 277.RC.33

Res. 14 (EC-XXII) – REPORT OF THE FIFTH SESSION OF THE COMMISSION FOR SYNOPTIC
METEOROLOGY

THE EXECUTIVE COMMITTEE,

HAVING CONSIDERING the abridged final report of the fifth session of the Commission for Synoptic Meteorology,

DECIDES,

- (1) To note the report;
- (2) To note Resolution 1-8 (CSM-V);
- (3) To embody the substance of the following recommendations in a resolution of the Executive Committee as indicated:
Recommendations 1 to 5 inclusive, 7 to 19 inclusive, 21 and 23 (CSM-V) in Resolution 15 (EC-XXII);
- (4) To take action on the remaining recommendations as follows:

Recommendation 22 (CSM-V) – Code form for synoptic surface observations

- (a) Approves these recommendations;
- (b) Invites Members to test the code forms and inform the Secretary-General, not later than 1 October 1972, of the results of the tests;
- (c) Invites the president of CSM, with the assistance of the Secretary-General, to take the necessary steps to ensure the timely incorporation of the results of the tests in the code forms for

introduction for international use as from 1 January 1975;

(d) Invites the presidents of the regional associations, with the assistance of the Secretary-General, to co-ordinate the development of revised regional coding procedures, pertinent to the new code form for synoptic surface observations, with the action taken by the president of CSM under (c) above;

DIRECTS the Secretary-General to inform all concerned.
