

Early warning for early action:

Forewarned and forearmed?

Your task:

1. Facilitators: Read Group Briefing
2. Each team: Nominate a 'District Leader'
3. Everyone else: Pick up an envelope - read it to yourself
4. District Leader – read your role to the group
5. Go round the table and read out the other roles
6. District leader – take control! You have 40 mins to prepare a forecast based early action plan.

Forecast

There is a high likelihood (over 80%) of severe rainfall in the Magalu district in the next 7 days.

Widespread flooding is expected along the low lying land bordering the Tala river.
