

**WORKSHOP ON ACHIEVING BENEFITS OF ENHANCED SERVICE  
DELIVERY BY NMSs IN EASTERN AND SOUTHERN AFRICA,  
(Dar es Salaam, Tanzania, 21 – 24 February 2016)**

# **THE WORKSHOP PERSPECTIVES**

*Kaliba Konaré, WMO*

# THE CONTEXT

## ➤ PROBLEMS

- Extreme weather-, climate-, and water related events;
- Climate variability and change.
- Natural Hazards .....Disasters
- Setback National Development

**General belief : unpredictable bad weather**

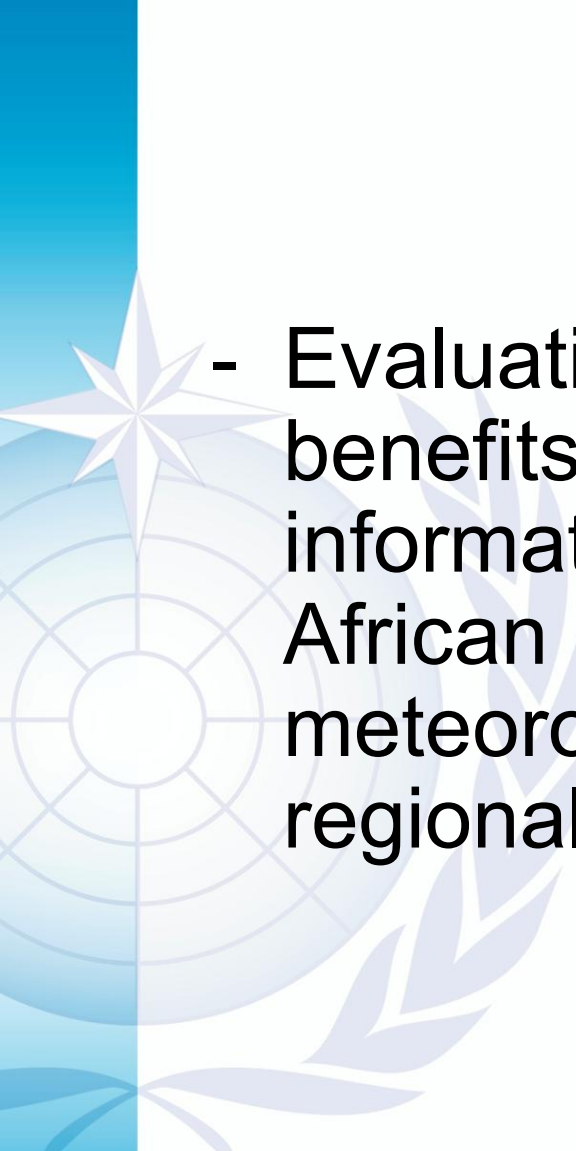

➤ SOLUTIONS:

- PRSP (1<sup>st</sup>, 2<sup>nd</sup> generations )
- Trade, Productive capacity, useful technologies, new varieties
- Credits, Micro financing
- MDG-based programmes and related

Missing: actual or potential benefits of weather and climate info and services

# SCOPE OF THE WORKSHOP

- To provide a learning process forum to ESA NMHSs Administrators and Senior Staff, Regional climate institutions, Universities, Development partners and International organizations for:
  - sharing knowledge and best practices in end-to-end service delivery to support user community in meeting its needs and requirements;

- 
- Evaluation of the social and economic benefits of weather and climate information and services in light of the African Ministerial Declaration on meteorology and other national and regional development initiatives

## Organization

- Four core sessions: Co-chairs and Rapporteur
  - Presentations, including case studies; discussions  
**Each presenter to provide a short summary (WMO Staff)**
  - Synthesis of presentations
- Two breakout group sessions –Day 4 am:  
Moderator and Rapporteur  
TOR of each group described
  - Reporting by 2 Groups
  - Convergence session
  - Workshop evaluation

## Expected outcomes

- Improved capacity of NMSs for enhanced communication and partnership with the user community at national level;
- Enhanced service delivery through knowledge creation for mainstreaming weather, water and climate services into national development frameworks;
- Strengthened regional and international cooperation towards more investment in NMSs.

THANK YOU
