Communication Training Workshop
(organized jointly with RMetSoc) offered in
Sofia in September 2015

canceled – not enough participants

Working visit to Macedonian met. Service – NHMS and Communication

Topis: communication is essential for effective service delivery, communication skills, communication plan, engagement with journalists, stakeholders, general public, communication channels, use of social media to deliver information

Problems:

- ① WMO RA VI is not represented uniformly in our activities; limited outreach
- ② Lack of resources for mentoring activities and assistance
- ③ Communication still not fully recognized as essential tool for service delivery

Plan for 2016

- ① Based on WMO survey find out gaps in service delivery in WMO RA VI
- ② Organize a workshop on Implementation WMO Strategy for Service Delivery (only if resources will be available)
- ③ Mentoring – if there will be any resources
- ④ Communication Workshop in cooperation with WMO CPA unit
- ⑤ Communication and Media Sessions at EMS/ECAC in September in Trieste
- ⑥ Collection of examples of good practice in communication
