INSURANCE POLICY

The workshop organizers cannot accept liability for personal injuries sustained, or for loss of, or damage to, property belonging to conference participants or their accompanying persons, either during or as a result of the workshop. Participants are advised to arrange for insurance to cover medical, travel, and personal effects while attending the meetings.

WMO's insurance coverage for non-staff members supported by WMO to participate in the event is as follows: "The Organization accepts limited responsibility for compensation in the event of death, illness or injury attributable to the attendance at meetings or the performance on behalf of the Organization of services by persons not belonging to the staff of the Organization but authorized to travel at its expense and/or receiving a daily subsistence allowance from it. These persons remain therefore fully responsible for any expenses incurred as a result of events which are not attributable to the attendance of meetings or the performance of services on behalf of the Organization and for arranging such life, health and other forms of insurance as they consider appropriate."

CURRENCY AND BANKS

The official unit of currency is the Kuna (HRK). One Kuna is divided into 100 Lipa. ATMs are plentiful throughout the country and banks, authorized change offices, post offices or most hotels

will exchange foreign currency or travelers' cheques. Banks are open Monday through Saturday and some banks also are open on Sundays in the main cities. Major credit cards are widely accepted at the main hotels and restaurants, and may be used to draw cash from ATMs, which are widely available throughout the country.

Exchange rate given by the Universal Currency Converter is currently about 1 HRK = 0.14 EURO
Exchange rate given by the Universal Currency Converter is currently about 1 HRK = 0.19338 USD

ELECTRICITY

Croatia is one of the two European standard electrical socket types: The "Type C" Europlug and the "Type E" and "Type F" Schuko. If your appliance's plug doesn't match the shape of these sockets, you will need a travel plug adapter in order to plug in. Travel plug adapters simply change the shape of your appliance's plug to match whatever type of socket you need to plug into. If it's crucial to be able to plug in no matter what, bring an adapter for all three types. Croatia uses the standard European 2 point plugs.

- Adapter for "Type C" European CEE 7/16 Europlug
- Adapter for "Type E/F" European CEE 7/4 or CEE 7/5 Schuko

Croatia usually supplies electricity at between 220 and 240 volts AC. If you're plugging in an appliance that was built for 220-240 volt electrical input, or an appliance that is compatible with multiple voltages, then an adapter is all you need.

TAX-FREE

Customers can get a VAT refund for goods bought in shops abroad that are included in the Global Refund System at the post offices (Pula's post office is located in Danteov Trg 4).

In the same post offices, foreign tourists can get a VAT refund for goods bought in shops in Croatia that are included in the Global Refund system.

Post offices that refund tax free cheques pay cash for cheques from Austria, Italy, Germany, Slovenia and Croatia.

Tax free cheques from other countries included in the Global Refund system - Belgium, Czech Republic, Denmark, Finland, France, Greece, Ireland, Netherlands, Luxembourg, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom can be submitted by the customer and refunded in cash at the post office 10000 Zagreb.

TIPPING

In most cases, the tip and taxes are included in the bill, so tipping is not necessary. If you have a large group, or have excellent service, a 10-15 % tip would be appropriate.
