

LATVIAN
ENVIRONMENT, GEOLOGY AND
METEOROLOGY CENTRE

World Meteorological Organization
Working together in weather, climate and water

Regional Association VI, Forum Hydrology, Koblenz May 8 – 10, 2012

**Statements of the national hydrological
service of Latvian Environment, Geology
and Meteorology Centre**

Organization, role and main tasks

State limited liability company “Latvian Environment, Geology and Meteorology Centre”

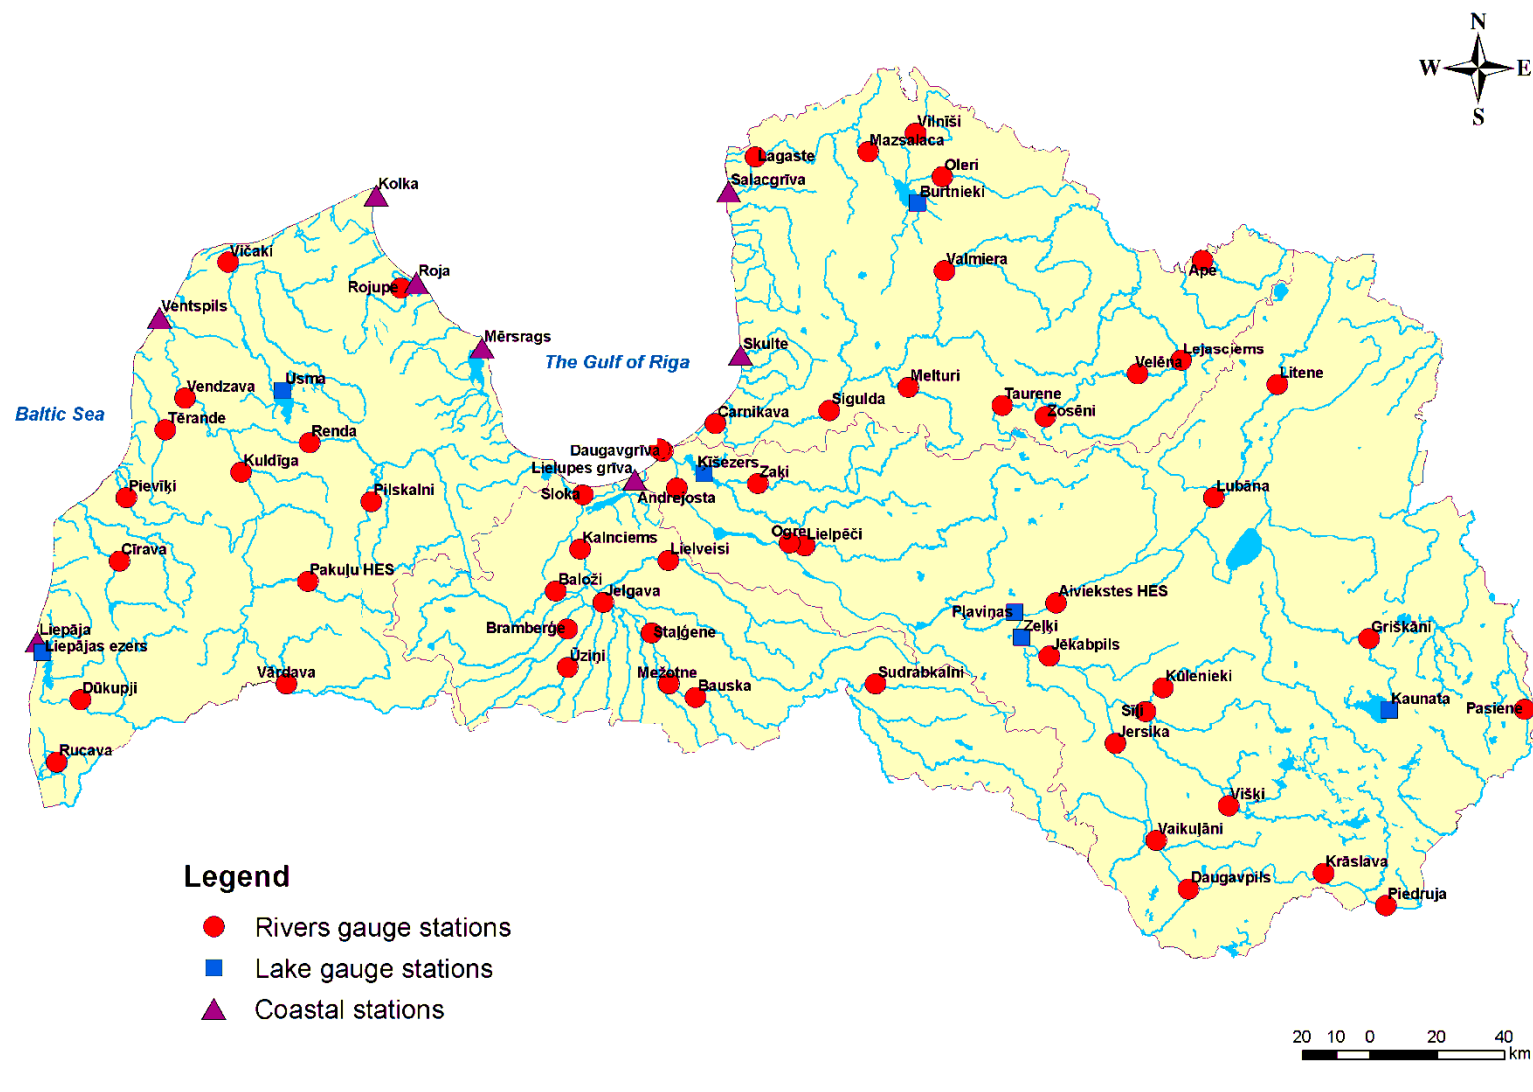

Main objectives of the centre:

- realize the State policies in the spheres of geology, meteorology, climatology, hydrology, air quality, and cross-border air pollution influence;
- collect and process environmental information;
- carry out environmental monitoring and inform the society on the environmental situation;
- ensure the geologic supervision of earth entrails’ resources and rational use of the earth entrails.
