Project Steering Committee (PSC)

- Project steering committee will consists of delegates from WMO, SEAFFG RC, MRCFFG RC, NHMSs, Hydrologic Research Center (HRC), and USAID such that each will be represented with one delegate. On the other hand, if deemed necessary, additional experts/representatives might attend the PSC meeting on an ad-hoc basis as required. WMO will work with PSC members in coordination and steering of the project.

Suggested Project Governance

(Southeast Asia component)

Southeast Asia Project Steering Committee

component**

**Caribbean SIDS
component**

Communications

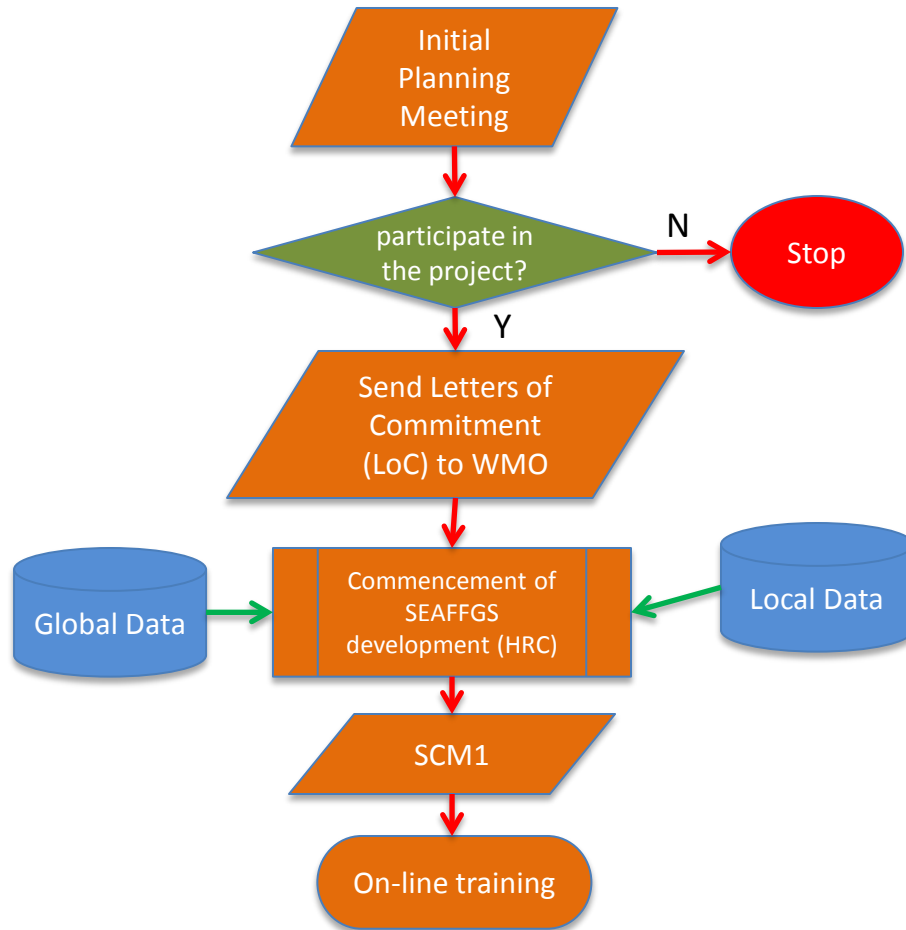

- Communication channels shall be open between the SEAFFG Regional Centre and its participating NHMSs;
- Communication channels shall be open between the SEAFFG RC and the MRCFFG RC;
- Operational performances of the system depend on, among others, the exchange of knowledge, ideas, information, data and products; and
- Lack of communication may not only cause interruption of the services but also decrease the quality of products and services provided.

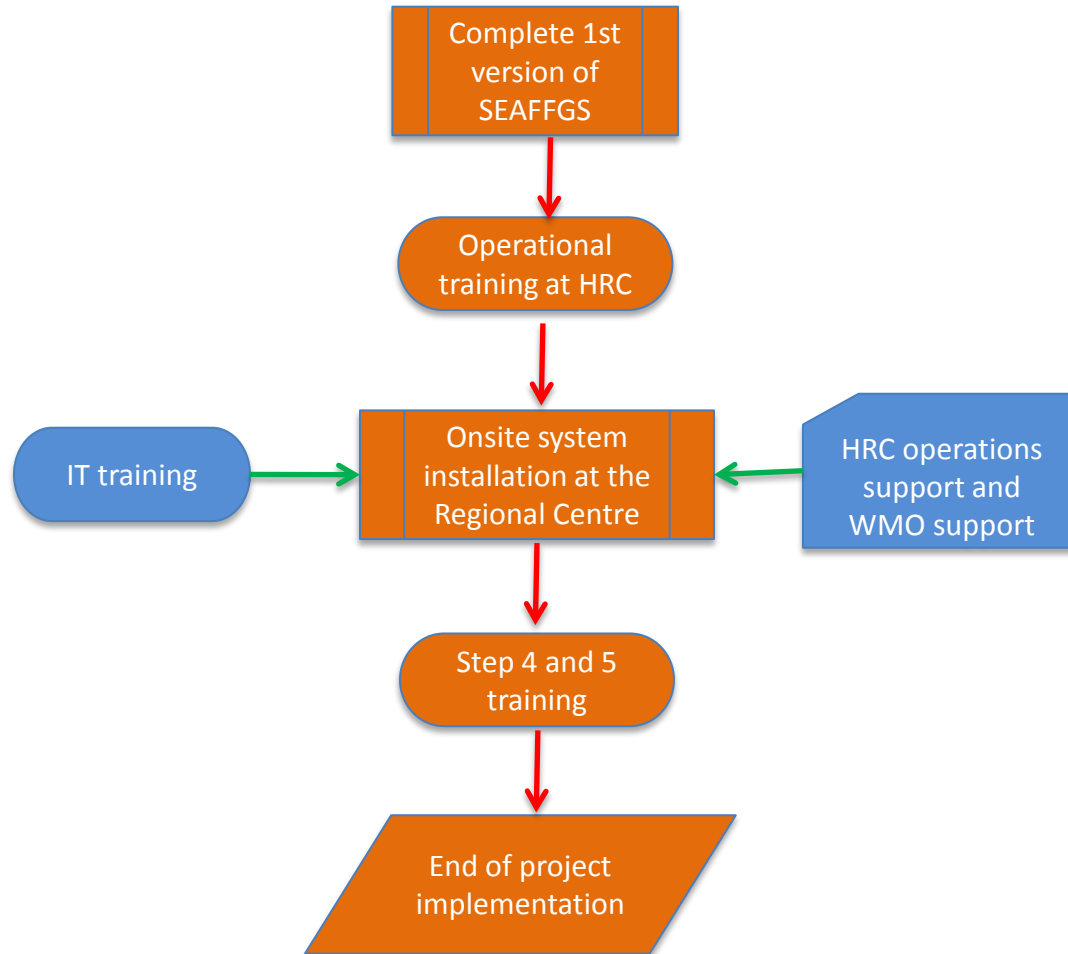

Data and Product Policy

- Data providers remain owners of their data;
- Access to data and information generated by the project is intended for participating Members – WMO Resolutions 25 (CG-XIII) and 40 (CG-XII);
- Services provided by the technical development partner, HRC, and the Regional Centre(s) are of an advisory nature; and
- Full responsibility for provision of national guidance, warning services, and national system products remains with the participating NMHSs.
