Every visitor to Japan is requested to be fingerprinted and photographed at immigration control.

There are many options to get to central Tokyo. The major transport services between Narita International Airport and Tokyo are as follows:

### Train

Two railway companies operate express trains from Narita International Airport to central Tokyo. Train stations are located in the basement of the terminal buildings of the Airport.

(1) The East Japan Railway Co. (JR) operates the *Narita Express*. It takes about an hour from Narita International Airport to central Tokyo (JPY 2,940). Although there are various destinations, all the trains stop at Tokyo Station, where you should get off the train. For details, please refer to <http://www.jreast.co.jp/e/nex/index.html>. ### Bus

(1) An airport limousine bus service is available between Narita International Airport and Tokyo City Air Terminal (TCAT, <http://www.tcat-hakozaki.co.jp/eng/top.html>), located near Tokyo station,

and various places in and around Tokyo. Buses leave for TCAT almost every 10 minutes costing JPY 2,900 (one-way) and JPY 5,200 (round trip) (fares vary depending on destination). For details, please refer to [http://www.limousinebus.co.jp/en/bus\\_services/narita/index](http://www.limousinebus.co.jp/en/bus_services/narita/index).
